Summer Music Camp

A UNIQUE MUSICAL EXPERIENCE
New Program: Garageband and Noteflight

The week-long summer camp at The Nelly Berman School of Music, for ages 7-16, offers an unusually high-quality, personalized program for up to 20 students, providing unparalleled one-on-one attention. The emphasis here is on quality of instruction, the results of which parents can hear for themselves at the concert on Friday for family and friends.

Instruments offered: piano, violin, viola, cello, voice, trumpet, trombone, flute, clarinet

Chamber music: Duets, trios, and quartets, grouped by experience

Individual lessons: Each student will receive two, 30 minute lessons. Additional lessons are available upon request.

Try a new instrument: Summer Camp is the perfect opportunity to try lessons on a new instrument. Consider trying an additional lesson or two on an instrument of your choice. (additional fees apply)

Learn Garageband and Noteflight: This is the first year that we will be offering this program. Students will be taught how to use music editing and notation software. The focus will be theory, note-writing, and composition, in addition to songwriting and instrumentation. **Computer Required.**

Spotlight on Faculty: Maxim Mogilevsky— An internationally renowned concert pianist, Maxim will be providing individual lessons for pianists, as well as running master classes. Full listing of faculty at www.nbsmusic.com.
